E. J. Criscuolo, Jr., CPP  
Executive Vice President

3 May 1984

The Honorable William H. Casey  
Director  
Central Intelligence Agency  
Washington, D.C. 20324

Dear Sir:

This letter is to request your permission to have [redacted]

STAT  
25X1

[redacted] address the American Society for Industrial Security (ASIS) at its 30th Annual Seminar to be held in Chicago, Illinois, from 17 to 20 September 1984.

ASIS represents in excess of 20,000 members and is the only internationally recognized organization of professional security managers. A major portion of its annual seminar agenda is dedicated to a better understanding of government security programs and the efforts to protect classified information.

In past years you have granted permission for several of your professionals to address our society. Their presentations have always been one of the highlights of the government security portion of the seminar. Having speakers from agencies such as CIA contributes to the understanding and respect shared by government and industrial security managers in their mutual efforts to understand the many security threats, thereby protecting those sensitive items of national interest. It is with these thoughts that I, on behalf of the Government Security Committee of the ASIS, request your permission to invite [redacted]

25X1  
25X1

[redacted] to speak on an appropriate topic of

his choice, [redacted]

All of his expenses will be paid for by the society.

25X1

[redacted] has spoken to several smaller groups in industry and has always been regarded as an excellent, well-informed speaker who holds the interest of any group.

STAT

This lecture would be non-recorded and limited to U.S. Government Security Managers from industry.

Thank you for your consideration of this request. I can be contacted at 213-536-1931 for further information if required.

Very truly yours,

*Regis J. Carr, Jr.*  
Regis J. Carr, Jr.  
Chairman  
Government Security Committee
